Dear Andy and Staff,

It was a pleasure working with an agency that was so responsive and accommodating to our needs during a most difficult time. Friends and family came to rely on the caregivers, and most all were the right fit. When an occasional caregiver didn't quite fit with the patient's needs or personality, you quickly ~~made~~ made a change.

Thank you for your kindness and gentle words. Everyone in the office were professional and exceeded my expectations.

Sincerely,  
Elleen Wilfred
